### PROJECTS

- ❖ **F@shion – A E-Commerce Web UI ( Inspired by Flipkart )**

The Fashion e-commerce project is a web application I developed using Next.js, a popular React framework for building server-rendered React applications. The goal of this project was to create a user-friendly and feature-rich e-commerce platform inspired by Flipkart , one of the leading e-commerce companies in India.

- ❖ **Max – A Link Shortner Website**

Max is a web application I developed using Next.js, a popular React framework for building server-rendered React applications. The goal of this project was to create a simple, user-friendly tool that allows users to shorten long URLs into more concise, shareable link.
